REPORT OF THE BUILDING INSPECTOR

Building permits in 1975 for the Town of Chesterfield were as follows:

New Homes	41
Additions	8
Garages	7
Out Buildings	9
Remodeling	<u>8</u>
TOTAL	73.

There were 20 more permits issued in 1975 than in 1974, apparently reflecting the improved trend of the economy. I expect this trend to continue in 1976.

Respectfully,

Cleotis L. Miller
Building Inspector

CHESTERFIELD HOME HEALTH AGENCY, INC.

This is the first report of the Chesterfield Home Health Agency, Inc., which was incorporated on May 13, 1975, and was authorized by the Town of Chesterfield under Articles 21 and 22 at Town Meeting March 4, 1975.

The Agency met Medicare standards on Dec. 30, 1975 and is awaiting certification from the U.S. Dept. of Health, Education, and Welfare. The main objectives are to provide for the care of sick or disabled persons and to rehabilitate such persons to their maximum degree of independence through nursing care and other therapeutic services; and to promote the health of the inhabitants of Chesterfield through such nursing services and through programs of teaching the principles of health, hygiene, sanitation and other subjects.

The Board of Directors and Officers of the Corporation are as follows:

1978	John T. Riley, President
1976	Jane J. Allen, Vice President
1977	Donna Hubner, Treasurer
1978	Stella Chickering, Recording Sec.
1977	Judith Palmer, Corresponding Sec.
1976	Audrey Ericson
1976	Sylvia Thompson
1976	Betty Wilkinson
1977	Ann Symonds
1977	Sandra Wiggin
1978	Rita DeVittori
1978	Lorraine Gates

The Registered Nurse is Ms. Carol Ann Silvestri who works on a part time basis for twenty hours a week. Also available on a contractual basis are a Registered Physical Therapist, Ms. Hilda deMoya, and a male nurse, Mr. Richard Gadway. Their services may be reached through your doctor or by telephoning (603) 363-4337 weekdays between the hours of 9:00 a.m. and 10:00 a.m. At other hours please utilize the recorded answering service to leave messages. The mailing address is, Chesterfield Home Health Agency, Inc., Box 205, Chesterfield, N.H.

Respectfully submitted,

John T. Riley, President

B. REFERRAL SOURCES

M. D. Referral	= 9
Agency Referral	= 5
Home Health Service	= 9
Family Request	= 4
Hospital	= 65
Total	= 92

The agency has been operating since October 6, 1975, and the above statistics relate only to those three months. At present our agency receives most of the referrals from hospitals; and the predominate age group visited is 65 years or over. In the future we hope to develop a well-child clinic to serve the children in the community. This will promote and encourage immunizations for all children. The agency has utilized the Home Health Aide Service from the Keene V.N.A. This is an excellent program and assists the older members of the community in their daily activities. The service assists the senior citizens to remain in their home.

Respectfully submitted,

Carol Ann D. Silvestri, R.N.

School District Meeting
Chesterfield Central School
Chesterfield, New Hampshire

March 1, 1975

The Moderator, H. Claude Mowry, called the meeting to order at 3:00 p.m. The Clerk, Suzanne D. Thompson, read the warrant through Article I. The Moderator declared the polls open for balloting for the necessary school district officers.

Prior to the meeting the School Board appointed Jean Hubner and Avis Gauthier Ballot Clerks. They took the oath of office from the Moderator. A count of the ballots showed 597.

The Moderator appointed Thomas Allen assistant Moderator and Wayne Winn assistant Clerk. They took the oath of office from the Moderator.

At 8:00 p.m. the Moderator called the meeting to order for the purpose of acting upon the remainder of the Warrant.

Donald Emery moved that the meeting be dedicated to the memory of George E. Cass. Henry C. Chickering, Jr. seconded the motion. It was carried in the affirmative. A moment of silence for George Cass was observed.

The Moderator introduced Richard Champagne, Assistant Superintendent for Instruction, H. Charles Larracey, Assistant Superintendent for Special Services and Joseph R. Guilano, Educational Consultant of Supervisory Union #29.

Henry C. Chickering, Jr. moved that the above men be permitted to speak and answer questions at the meeting. The motion was seconded by George Joslin and carried in the affirmative.

The articles were then disposed of as follows:

ARTICLE II: Henry C. Chickering, Jr. moved that the District accept and place on file the reports of Agents, Auditors, Committees or Officers chosen as printed in the Annual Report. Seconded by Clara Wellington and carried in the affirmative.

ARTICLE III. Robert Wormer moved that the district authorize the School Board to make application for, and to accept and use in the name of the district such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of

New Hampshire, or any department or agency thereof, or any federal, state or private agency. Seconded by Jo-Ann Morse. Voted in the affirmative.

ARTICLE IV: Henry C. Chickering, Jr. moved that the district raise and appropriate the sum of \$588,785 for the support of schools, for the salaries of school district officers and agents, and for the payment of statutory obligations of the District. Seconded by Donald Emery and voted in the affirmative.

ARTICLE V: Clara Wellington moved that the District recognize with gratitude and appreciation the devoted service of George E. Cass, Business Manager, Supervisory Union 29, deceased January 27, 1975. Robert Woodman seconded the motion and it was carried in the affirmative.

Frank Sherman spoke for the American Legion's Child and Youth Committee asking for use of the school facilities for dances. Richard Champagne said that the use of land and buildings was under the legal jurisdiction of the School Board and that the Supervisory Union is currently formulating a policy on building and land use. The School Board took the request under advisement.

John Schlichting, representing the Chesterfield Jaycees, read a report concerning the Chesterfield Community Recreation Field Project. He asked the meeting's support.

Michael Wiggin moved that the meeting recommend to the School Board that the new field being developed at the rear of the school be open to Chesterfield residents more than 50% of the time thereby allowing the possibilities of procurement of federal funds. Robert Heslin seconded the motion and the vote was in the affirmative, following a discussion.

At 9:00 p.m., the Moderator declared the polls closed.

The Checklist of voters was used in balloting. A count of Ballots resulted as follows:

Total number on the Checklist was 1,155.

Number of votes cast was 240 with 120 necessary for choice.

For School Board member for the ensuing three (3) years. Robert A. Wormer had 203 votes. There were 9 votes for Joseph Scrivani and 10 scattered votes. The Moderator declared Robert Wormer School Board member for three years.

ADMINISTRATIVE REPORT

Your superintendent had the privilege of substituting in the schools of Supervisory Union 29 during the month of September, 1975. I found the educational environment and climate of the school was excellent. The student body was well-mannered and performed in an exemplary manner.

Mr. Holmes continues his involvement in the leadership workshops. He took a course in leadership at Keene State College this fall attempting to provide better administrative performance for his school and community. We are proud of his educational progress and leadership in Chesterfield.

Supervisory Union 29 employed a new member of the administrative team, Mr. Ralph E. Caye, Jr., our new business manager. Mr. Caye replaces the late Mr. Cass who was deeply loved and respected. Mr. Caye brings to the supervisory union a background of experience and he looks forward to working closely with the communities of our union.

Mr. Larracey, our Assistant Superintendent for Administrative and Special Services, with the Staff Development Committee have finalized a staff development plan. We are currently utilizing computerized personnel data forms. Many opportunities for inservice training directly related to staff development are available and have been taken by members of the staff.

The school districts of Supervisory Union 29 in conjunction with the Monadnock Children's Special Services Center have developed procedures to comply with the regulations of P.L. 93-380 (State Plan for the Education of Handicapped Children under Part B of the Education of the Handicapped Act) which became effective July 1, 1975. Each school in Supervisory Union 29 has established evaluation/placement teams to deal with requests from parents for placement or changes in placement of their handicapped child. The procedures ensure that the school districts will comply with 1) due process guarantees, 2) placement of handicapped children in the least restrictive alternative, and 3) non-discriminatory testing and placement procedures.

Title IX of the educational amendments of 1972 prevent discrimination on the basis of sex in the operation of most federally supported educational programs. This regulation became effective September 1, 1975. The impact of this regulation prevents discrimination on the basis of sex in the operation of any interscholastic sport or program offered by any educational institution. This law will have a definite impact on our school budget.

CHESHIRE VOCATIONAL CENTER

The course of study has been completed and counselors are encouraged by the enthusiasm of the students. They are currently meeting with students on an individual basis concerning course selections. Upon invitation, the Vocational Director and the counselors would welcome an opportunity to make presentations concerning any aspect of the new Cheshire Vocational Center to citizens in the communities of the participants.

The administration would like to express its deep appreciation to the many committees involved in the planning of our new vocational facility; to the staff at Keene High School, and other local educational institutions, to the construction workers and to the public at large for their tremendous support of this project.

"Individualized instruction" and "simulation" are the key words for the expanded opportunities in the Business and Office Education Department. One of the most innovative programs to be offered will be Radio-TV Broadcasting, a first in any high school in New England. Students in this program will have an opportunity to learn and work in a complete simulated radio and television station -- WKHS. As part of the data processing portion there will be opportunity for key punching, programming, and other data processing skills in connection with the computer program. The office occupations cluster (secretarial, clerical, and accounting) will offer exploratory simulations in legal, medical and educational secretarial skills, another first for our area. There will also be a word processing unit and a new offering in reprographics where students in the clerical program will learn many means of duplicating materials and will have opportunity to assess for themselves which process they will use for a given job, including a cost analysis to justify their choice. Accounting skills will be enhanced by the use of individual simulations and up-to-date office equipment such as electronic calculators and bookkeeping machines. Distributive Education classes will be expanding their program by operating a full size, college type book store and a mini mall which will house three individual shops.

The Technology Department of the Cheshire Vocational Center includes thirteen course offerings such as masonry, sheet metal, and diesel and hydraulic mechanics. The expansion of the Technology Department is best illustrated by the growth of the Building Trades program. Four years ago one teacher worked in a converted storage closet of 746 square feet. In the Cheshire Vocational Center teachers will have an area of 10,000 square

feet serving the students of Cheshire County in the Building Trades program. Vocational Technology education provides training which develops skill, ability, understanding, appreciation, attitudes, working habits, and imparts knowledge and information needed by workers to enter and progress in employment on a useful and productive basis. Grades nine and ten offer exposure through the regular high school Industrial Arts program. Vocational Technology courses offer "performance," using basic skills required for job entry. A student may choose to participate in the co-op program -- on the job training for those who do not seek to increase knowledge and skills via post-secondary (2 or 4-year programs) education. Offerings in the Technology Department will be approximately 600 instructional hours over a two-year period. The additional 20,000 square feet enables us to offer these additional instructional hours.

The Home Economics Department is planning three new courses and will be expanding the Food Service Program, including the addition of a small dining room for catering experience on special occasions. New programs are Health Occupations, Child Care Services and Careers in Textiles. The health occupations area includes a three-bed hospital ward, a mini testing lab, a small kitchen, classroom and storage areas. Students will receive a general background in basic patient care and in community health problems. Clinical and community experience will be a part of the learning program. The health occupations program will train students to meet job entry qualifications for such positions as orderly, nurse's aide and lab aide. The child care program, provided for those interested in working with children, combines study with observation and hands-on experience in the Day Care Nursery which adjoins the classroom. Working with children in the nursery will help students understand behavioral patterns of children, food and eating habits, learning through play and guidance and discipline. Careers in textiles covers the basics of working with textiles as used for clothing or in home decorating. Students will be exposed to dressmaking, garment alterations, tailoring, slipcovers, draperies, upholstery, chair seating and commercial sewing.

In addition to preparing students for direct entry into many jobs, vocational courses are also the basis for further post-secondary education if a student so desires.

PRINCIPAL'S REPORT

The 1975-1976 school year opened on September 4, 1975 with 284 students enrolled. Currently the enrollment is 291.

In September Mrs. Ericson replaced Mrs. Wade as teacher of the fourth grade. Mrs. Carolee Siebert has replaced Mrs. Penelope Betz as part-time art teacher. Mr. Robert Vreeland was elected as Resource Teacher for grades five through eight with federal funds granted under the Manpower Act.

The school has welcomed five new mother volunteers who perform a variety of helpful tasks for the teachers and the children.

Several grants have been made under Title III to faculty members who applied for supplementary teaching materials or learning aids.

Our nurse, Mrs. Lorraine Johnson, is now on duty five days a week from 9 to 1.

The science classes are developing an ecology area between the primary playground and the new athletic field. Last spring, they developed a pond for aquatic studies and began a tree nursery with 350 saplings obtained from the State by an interested parent. Hopefully, the classes may get a start, in cooperation with civic associations, in developing a 200 acre natural area given to the town a few years ago.

We have had since last spring full use of the new athletic field improved by the J.C.'s, parents, and volunteer help. The boys' soccer team had its most successful season on record with the new facilities. The girls' soccer team played several informal games this fall, hopefully to enter league play next year.

Miss Carolyn Carpenter, a graduate student at Keene State College, has been elected to coach the girls' basketball team in the first year of league play.

The library mothers have been most helpful this year in making the library available to the students until the first lunch period. The program has helped the students choose books with greater selectivity and thoughtfulness.

I again express my appreciation to the children and people of the Chesterfield School District, the members of the school staff, the School Board, and the administration for helping to make the school year a success.

School Lunch Program
1974-1975

The school lunch program opened with hot lunch on the first day of school September 4, 1974. It is now a New Hampshire State Law that hot lunch be served from the very first day until the last of school. Mary Lou Kelly and Carol Riendeau headed the lunch program.

The price of hot lunch remained at 46¢ per lunch. Recess milk, either chocolate or white, was offered to grades one through fifth at 6¢ per half-pint. Noon milk was available to all at the same price. Free and reduced lunch rates were available to any student where applicable.

Monthly menus were given to each child so that they would know what meals for the following week they would care to buy. Friday was the day for collecting lunch money for meals for the following week. Monday was collection day for those who were absent on Friday. Menus were also sent to the Keene Sentinel and the Keene Radio Station.

Government surplus food proved to be a big bonus to our budget as prices were so inflated. They provided us with an abundance of frozen hamburger, cheese, butter and canned beef and chicken.

Mrs. Riendeau and I wish to thank Mrs. Barbara Hall and Mrs. Marilyn Underwood for their help in the lunch room, as we served from 130 to 170 lunches per day.

Respectfully submitted,

Mary Lou Kelly
School Lunch Manager
